Location:	Calantas National/Senior High School Calantas, Rosario, Batangas

Date of Implementation:	December 7, 2019
Implementing College / Office:	ESO Rosario
Partner Agency:	None
Nature of Extension Service:	Social Development Program and Adopt-a-School Program/ Technical Assistance and Advisory Program to Agencies, Organizations, Associations, and other Groups
Number and Type of Beneficiaries (<i>Type such as OSY, Children, Women, etc. </i>):	45 ABM Students of Calantas National/Senior School
<p>Faculty Members Involved: (<i>Project Leader/Coordinators</i>)</p> <p><i>Project Leaders:</i></p> <p>Dr. Rosalinda M. Comia Mr. Bryan M. Macasaet, Coordinator, ESO</p> <p><i>Faculty Extensionist:</i></p> <p>Mr. James Carlo M. Inandan Mr. Michael Balanay Mrs. Joan Camille Verdadero Ms. Abigail Guico Mrs. Jacquelyn Salazar and other faculty extensionists from other department</p>	
<p>Objectives:</p> <p>The aforementioned project generally aims to provide business management seminar. Specifically, the project aims to realize the following objectives:</p> <ol style="list-style-type: none"> 1. Marketing plan 	
<p>Short Narrative of the Activity:</p> <p>On December 7, 2019, the Seminar on Marketing Plan of ABM Students of Calantas National/Senior High School was held. The said seminar was facilitated by Mr. Michael Q. Balanay, CABEIHM Rosario faculty member. The morning session focused on his talk while the afternoon session involved a workshop. The activity was attended and participated by 40 ABM students.</p> <p>Consequently, as the university is undergoing its accreditation of programs, the succeeding accreditation prescribes video recording and/or audio recording for its criteria indicators. Hence, with this, interviews with the beneficiaries of the extension services activities were done prior to the start and after the conduct of every activity. This shall serve as evidences and support to assess whether extension program activities met its intended outcomes.</p> <p>Mr. Balanay then comprehensively discussed his talk with two parts. He introduced discussions on the concepts on fundamentals in marketing management such as the 5C's, segmentation, targeting of customers, packaging, and other relevant and significant concepts. During his talk, he made use of certain available items or products so that he could easily illustrate and exemplify the concepts he was then tackling to the ABM students.</p> <p>The afternoon session was then allotted for the workshop, whereby the students were taught on how to make Marketing Plan as well as product presentation showing segmentation, targeting and packaging application on various products they were challenged to present with.</p>	

After the seminar- workshop ended, the students were asked to evaluate how the activity was facilitated to them. Also, several students were interviewed and videographed for documentation purposes. The evaluation and interview assessed the level and extent of the students' learning on the said seminar.
