

Research Accomplishments vs. Targets as of December 2018

Research presentations

For the number of research presentation in regional and/or national conferences, the target for 2018 is 16 while the accomplishment is 21. On the other hand, out of the 38 targeted international research presentations in 2018, there were 37 papers presented in international conferences.

Research publications

25 research papers have been published in ISI/SCOPUS-indexed and refereed journals, surpassing the university's target number of seven research publications for 2018.

Filed IP Assets

The university filed a total of 755 Intellectual Property (IP) assets in 2018, surpassing this year's target of 119 IP assets.

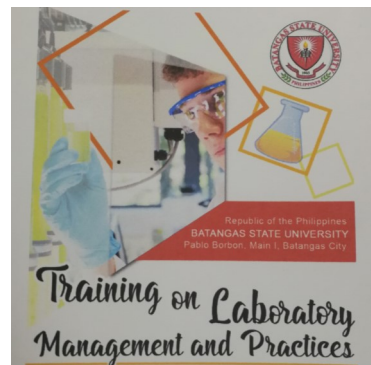

The filed IP assets included eight patents, 10 utility models, 18 industrial designs, three trademarks, and 716 copyrights.

BatStateU researchers win Best Paper Award at the STAARRDEC 31st Regional Symposium

BatStateU Researchers Engr. Anton Louise De Ocampo and Engr. Divina Gracia D. Ronquillo won Best Development Paper Award for their research paper entitled, "Natural Light Collection System for Indoor Crop Production" during the 31st Regional Symposium on Research, Development and Extension Services (RSRDEH) led by the Southern Tagalog Agriculture, Aquatic, and Resources Research, Development, and Extension Consortium (STAARRDEC) at the Laguna State Polytechnic University last October 11-12.

ALTS conducts training on Lab Management and Practices

The Analytical Laboratory and Testing Services (ALTS) conducted the training on Laboratory Management and Practices on December 14 at the 5/F, CIRTC bldg., BatStateU Pablo Borbon Main I.

University researchers, laboratory technicians and personnel in-charge of labs located in the different colleges and campuses of the university served as the participants of the activity, which aimed to provide awareness on the various laws

that regulate access to the use, handling and disposal of chemicals, and which government agencies have jurisdiction over them.

The training also served as an echo seminar led by Asst. Director for ALTS Asst. Prof. Anita P. Aquino, wherein she shared her learnings from the seminar entitled, "Chemical Management: Module 2 Chemical Regulations Governing Chemical Importation, Handling and Disposal" hosted by the Nuevochem Specialties, Inc. (NSI) Training and Consultancy and Training Center at the Grand Ballroom, Hotel Rembrandt at Tomas Morato Ave., Diliman, Quezon City last October 17-18.
