NARRATIVE REPORT
VIRTUAL CAREER FAIR 2022

Careers fairs are useful for a range of students. Those who are just beginning their education and seeking opportunities for work experience, as well as recent graduates seeking full-time employment or a graduate program. Additionally, they allow big businesses the much-needed time they need to market and hire new employees. In keeping with this, Batangas State University, The National Engineering University, was invited to collaborate with Prospile Pty Ltd, an Australian company that makes sure all students have equitable access to the best career assistance and prospects. On December 5, 2022, a virtual career fair was held via Zoom from 8:00 am to 12:00 noon.

Prospile created rooms for the main program and career fair proper with two streams. At exactly eight o'clock, the Career Fair formally opened through an invocation and singing of the national anthem. Ms. Rysheer P. Quiatchon welcomed both the applicants and the participating companies. Two hundred forty one (240) applicants from the University's various colleges and campuses participated in the activity, and they applied for three hundred thirty nine (339) employment openings from eight (8) companies. Following the photo opportunity, Ms. Rysheer P. Quiatchon, Head of the OJT/JPO office, introduced Mr. Sherwin Francisco Solis of PhilHealth-Batangas Branch as the resource speaker. He talked about the background information, the updated PhilHealth Membership Form (PMRF), the membership obligations, and the documentation needs. The career fair officially began at 10:10 when the rooms for streams 1 and 2 opened. Management Accounting, CAS, and CONAHS are covered by Stream 1, and Accountancy, Customs Ad, CIT, and CTE are covered by Stream 2. Brother Industries (Philippines) Inc., FactSet Philippines Inc., Genfinity Philippines Inc., IQ EQ (Philippines) Inc., JG Summit Olefins Corporation, San Miguel Mills, Inc., Starlite Ferries, Inc., and TDK Philippines Corporation were among the firms that participated in the career fair.

The activity was coordinated with the Department of Labor and Employment – Province of Batangas and was granted a clearance for its conduct by DOLE Provincial Director, Predelma M. Tan. There was no registration fees collected from the invited companies since the University was designated by DOLE-Batangas as a Public Employment Service Office. Public Employment Service Offices, are mandated by law not to collect any fees from companies who will participate in job fairs.

The career fair proper ended at 11:40 and returned to the main program for the awarding of certificates and the closing remarks led by Dr. Lucille D. Evangelista, Vice Chancellor for Academic Affairs. She acknowledged Prospire for their assistance in making this career fair possible, as well as all of the partner organizations, applicants, Pablo Borbon's superiors at BatStateU and the BS Nutrition and Dietetics students who served as the event's hosts.

PARTICIPANT FEEDBACK

- It's very insightful and helpful to calm down, prepare and orient soon to be graduates.
- Great and extremely informative!
- I look forward for more fairs after we graduate next year, for more companies and opportunities!
- I was very hesitant to attend at first since there's only few participants but after I've heard the answers of the employers to questions. This is very helpful for me as a 4th year student
- The career fair was well utilized and helpful.
